Anne recently started a small
garden plot on the Tempelhofer
Feld, where she is growing different
varieties of vegetables and salads.
Today she is eating her own
tomatoes for lunch.

Margaret is moving to the suburbs,
where she can afford a bigger
flat and a parking space.
This will mean she can use the car
she has inherited.

In order to live up to its reputation as
an ecologically responsible company,
Technix Plc has bought new desks
for all its employees, made from
domestically sourced wood. The old
desks, which were still in good working
order, were recycled as wood pellets.
